Annual Report of the President

2010-2011

The annual report of the President of the OSSMA includes those business activities that occurred during the year that were considered by the OSSMA Board of Trustees. As your President for 2010 – 2011, I would like to thank the members of the board for all they have done to make this a successful year. It has been my privilege to serve all the members of the OSSMA.

My duties for the year included presiding over the Post-conference Board of Trustees meeting and the appointment of the standing committee chairpersons. I also presided over the summer and Fall BOT meetings. This year it was decided to not have a winter BOT meeting, and if need be we would use email as the contact media.

My goal for this year was to attempt to increase membership in the AAMA, OSSMA and local chapters. Some progress was made in this effort. I have worked with members to add chapters in some districts in order to move meetings closer to the members. District 1 now has three chapters within the district.

Business that transpired during the year included:

- ✓ continuation of attendance by the president of OSSMA BOT member to the AAMA BOT meetings. I attended the SUMMER BOT in Richmond, VA.
- ✓ an ad hoc committee was appointed to consider the storing of records. The question concerns the Secretary Reports, Treasurer's Reports and papers and minutes of the conferences. The committee is to report at the Pre-conference board meeting if they have reached a decision.
- ✓ accepted the resignation of Robin Snider-Flohr as Strategic Planning Chairperson, due to career commitments.
- ✓ currently working on a project to promote the hiring CMAs by a large medical practice group within the state
- ✓ continue the work to of creating more chapters across the District within the state.

This has been a most rewarding presidential term for me to have the opportunity to work with a great group of men and women who believe in their organization and their career. I wish much success to the Ohio State Society of Medical Assistants.

Respectfully submitted:

Rachael C. Allstatter, M.Ed., CMA(AAMA)
President OSSMA
